* Diversion rates as approved by CIWMB for 1995 to 2009; 2010 diversion rates were provided as part of summary data provided by StopWaste.Org

- a. Unincorporated area includes Castro Valley Sanitary District and Oro Loma Sanitary District.
- b. The County-wide rate prior to 2007 was derived using a calculated diversion rate equal to total tons disposed in Alameda County divided by tons generated in Alameda County, based on data from each jurisdiction's annual reports submitted to the CIWMB. Beginning 2007, the County-wide rate was calculated using a different methodology, with a weighted average diversion rate based on the population of each jurisdiction and its target disposal per capita.
