

Public Works Commission

ACTION CALENDAR

November 19, 2013

To: Honorable Mayor and Members of the City Council  
 From: Public Works Commission  
 Submitted by: Ray Yep, Chair  
 Subject: Update of the 5-Year Street Paving Plan for FY 2014 – 2018, as Adjusted by Measure M Funding Considerations

RECOMMENDATION

Adopt a Resolution:

1. Updating the City's 5-Year Street Paving Plan for FY 2014 – FY 2018, as adjusted by Measure M funding considerations, and
2. Directing staff to prepare the paving plan by June of each year.

FISCAL IMPACTS OF RECOMMENDATION

The attached 5-Year Street Paving Plan is based on the following estimated funding levels, which correspond to the current CIP Budget adopted by Council:

FY 2014 .....	\$5,944,303
FY 2015 .....	\$9,444,303
FY 2016 .....	\$9,444,303
FY 2017 .....	\$9,444,303
FY 2018 .....	\$9,444,303

The City's approximately \$3.4 million annual street paving program is funded by the General, Measure B, and State Transportation Tax Funds, and as of FY 2014, Measure M<sup>§</sup> bond funds approved by Berkeley voters in November 2012. Measure M will add \$2.5 million in FY 2014, and \$6 million in subsequent years through FY 2018. The \$3.5 million balance of the \$30 million bond funds will be addressed in future proposed plans as overall annual funding levels may change during the upcoming fiscal years based on impacts from economic conditions.

These funding totals include "soft costs" (design and administration), and estimated costs for "green infrastructure" elements of the Measure M paving program. The estimated paving construction costs alone are shown in Exhibit A, the 5-Year Street

---

<sup>§</sup> An overview of how Measure M funds will be incorporated in the Street Paving Program was presented at a Council Worksession on October 1, 2013:

[www.cityofberkeley.info/Clerk/City\\_Council/2013/10Oct/City\\_Council\\_10-01-2013\\_-\\_Special\\_Meeting\\_Annotated\\_Agenda.aspx](http://www.cityofberkeley.info/Clerk/City_Council/2013/10Oct/City_Council_10-01-2013_-_Special_Meeting_Annotated_Agenda.aspx)

Paving Plan FY 2014-FY 2018. Specific construction contracts to implement the paving projects will be submitted for Council approval at later dates.

### CURRENT SITUATION AND ITS EFFECTS

The Public Works Commission (PWC) has reviewed and supports the 5-Year Plan update, also known as the “2+3 Paving Plan” proposed by staff. The plan is consistent with Berkeley’s Street Rehabilitation and Repair Policy, has incorporated recommendations from the Measure M public participation process, will accelerate improving the condition of Berkeley’s streets, and will include green infrastructure components where appropriate. This action was taken at the PWC’s October 3, 2013 meeting. (M/S/C: Schueler/Henry; Ayes: Henry, Schueler, Neal, Yep, Abramson, Haramati, Kelley, Swift; Noes: None; Abstain: None; Absent: None).

The PWC also recommends that Public Works staff develop the next full 5-year paving plan by June 2014 and anticipates reviewing and recommending adjustments to it, as appropriate. The schedule was very short this year for the PWC’s review, and in the future it should be received by June each year in order to conduct a thorough review.

### BACKGROUND

Since the adoption of its Street Paving Repair Policy, Berkeley has maintained a rolling 5-Year Street Rehabilitation Plan for paving and reconstructing City streets. City staff updates the plan on an annual basis. The plan is presented to the Public Works Commission (PWC), which reviews and recommends action to City Council to ensure that the 5-Year Street Plan is consistent with Berkeley’s Street Rehabilitation and Repair Policy.

With the passage of Measure M in November 2012, the City of Berkeley now has an additional \$30 million to invest in street repaving/rehabilitation and related green infrastructure over the next 5 years.

The implementation of Measure M began with a public participation process led by the Public Works Commission. The process included three community meetings, a wide range of public input, and the development of recommended actions for implementing Measure M. The overall process and recommendations are documented in a report and was presented to City Council at the Worksession on October 1, 2013.

Public Works staff incorporated the recommendations from this process into the proposed 5-Year Street Rehabilitation Plan, which staff is calling a “2+3 plan.” The first 2 years of the plan have substantial details and were generated with a computerized StreetSaver® program to identify, rank, and select streets for sealing and overlay treatments. The Measure M Scorecard was used to further rank and select streets for more substantial reconstruction using the bond funding.

The following 3 years of the plan have less details and staff expects to evaluate the results and refine the process during development of next year's revision of the 5-Year

Plan. In addition, evaluation of cost and effectiveness of trial watershed projects included in the first 2 years will guide the recommendations for the outlying years.

RATIONALE FOR RECOMMENDATION

The PWC is satisfied that both the public process and the staff plan are consistent with the Street Repair Policy and the intent of Measure M ballot language and public process. The Commission appreciates that the Measure M implementation plan is being initiated quickly.

ALTERNATIVE ACTIONS CONSIDERED

None.

CITY MANAGER

The City Manager concurs with the content and recommendations of the Commission's Report.

1: Resolution

Exhibit A: 5-Year Street Paving Plan FY 2014-FY 2018

RESOLUTION NO. ##,###-N.S.

UPDATE OF THE 5-YEAR STREET PAVING PLAN FOR FY 2014 – 2018

WHEREAS, the Street Rehabilitation Policy, Resolution No. 55,384-N.S. approved on May 22, 1990, requires that there be a 5-Year Street Paving Plan for the entire City to be adopted by the City Council; and

WHEREAS, the Street Rehabilitation Policy shall be reviewed and updated annually by the City Council, with the advice of the Public Works Commission; and

WHEREAS, the Public Works Commission is satisfied that the 5-Year Plan meets the full intent of the Measure M ballot language and that the Measure M implementation plan has been initiated successfully; and

WHEREAS, the Public Works Commission recommends that Council adopt the 5-Year Street Paving Plan, attached as Exhibit A.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that the updated 5-Year Street Paving Plan for Fiscal Year 2014 – Fiscal Year 2018, attached as Exhibit A, and made a part hereof, is hereby adopted.

BE IT FURTHER RESOLVED that staff will prepare the paving plan by June of each year.
