Hey Capt.,

This is an FYI....

Sergeant Smith pulled over an Uber driver for running a red light at Allston/MLK last night. The passenger was Ben Bartlett and when Smith contacted the driver, Bartlett immediately identified himself as a Council Member. He did not want the driver to be ticketed. Bartlett stepped out of the car to talk to Smith. The conversation then became more about the homeless encampment along the sidewalk of Civic Center Park (next to stop). She described the conversation as a positive interaction. She did not ticket the driver.

Let me know if you need further.

Angela
